

PRN Occupational Therapist/COTA

Focused Brain Pediatric Therapy is an established private practice located in Madison that serves children as well as a few adults. Our mission is “Empowering Children To Reach Their Full Potential”. We believe that every child deserves the opportunity to grow, develop, and thrive. Our team values mentorship, professional integrity, and a balanced approach to work that promotes ethics and happiness in the workplace.

We have an immediate opening for a dedicated PRN energetic and creative Occupational Therapist/COTA who is passionate about empowering children to reach their potential in the private practice clinical setting. Must be able to work in the afternoons. We are faith-based with a wonderful team who exhilarate a caring attitude among ourselves which overflows to our clients and their families inspiring them to be the best they can be. We provide extensive training, mentorship and supervision for all therapists, regardless of experience level. In addition, you will be joining a team who provide evidence-based and relationship-based therapies! Visit our website www.afocusedbrain.com or find us on Facebook to learn more about our programs. To apply send resumes John Poe at jpoe@afocusedbrain.com
