

PARTICIPATION AND PERSONALIZATION: WHY DOES IT MATTER?

The presentation will discuss frameworks, including the ICF, and multiple dimensions and determinants of participation. The session will also underscore the importance of personalizing services to support family/child-centered care and interprofessional collaboration to facilitate positive outcomes for children with disabilities and their families. Participants will be encouraged to reflect on their current practice, challenge the status quo, and envision new possibilities to support participation of children with disabilities.

Participants will be able to:

- Reflect on their competency to support participation of children with disabilities and their families through practice.
- Identify one new idea for supporting children with disabilities in practice.
- Advocate for a paradigm shift in practice to support participation of children with disabilities and their families.

TUESDAY

 **MARCH 18, 2025**

 **5:30-7:30 PM**

UMMC School of Health Related
Professions Building
Room 1A
787 Lakeland Drive
CEUs: 2 hours
